

Where to Donate Medication and Other Medical Supplies

Thank you for contacting Jconnect for help donating medical supplies. As of October 2011 the places listed below will accept specific items; however most will have restrictions on what they can accept. Please call the organization to confirm what they will take and in what condition it needs to be. Note that organizational priorities do change; so when you call to ask if they accept your items be very clear about what you are donating. If an organization no longer accepts medical supplies please call 301-348-7356 to have them removed from this list.
