

Thanking Our Caretakers

Caretakers are those who are trusted with the most personal tasks we can ask of anyone. They care for the most vulnerable in our community, and often without the appreciation they deserve. Below is an example of a thank you gift for someone who spends their day caring for others. Feel free to add in any items you think would be appreciated.

In each kit you can add:

- Tissue Paper
- 1 Journal
- 1 Tumbler
- 1 Bottle of Lotion
- 1 Chap Stick
- 3-4 Pieces of Chocolate
- 2 Tea Bags
- A Personal Thank You Note

Place each item nicely in a box and tie it closed with a ribbon. Please remember that these are thank you gifts for those who are trusted with the most personal tasks we can ask of anyone. Please take your time on each gift, and make sure to give it as much care as you would someone in your own family.

Possible local recipients:
